

Redundant Pipe Organ

M0168

Charles Lloyd c.1900

St Peter C of E The Lane Awsworth Nottingham Notts NG16 2QQ

NPOR 00979

2 manuals and pedals
11 speaking stops

Charge pneumatic action

Manual compass 58

Dimensions

Width c.12ft

Depth c.10ft

Height c.15ft

Attractive woodwork.

The organ is redundant and will be available for removal following the completion of a Faculty.

Originally built by Lloyd for Gotham Methodist Church, Nottingham. It was rebuilt by Wragg. Subsequently relocated to St Peters, Awsworth, in 1966 and rebuilt by Henry Groves.

Woodworm attack has been discovered, and the organ should be inspected by any interested party.
